6<sup>th</sup> February 2021

### **STATEMENT ON THE PHONE MAST ON DRAKEFELL ROAD**

Local Councillors do not support the planned installation of a 22.5 metre Mobile Phone Mast complete with racks, cabinets, ladders, gantry, dishes and antennae on Drakefell Road in Telegraph Hill. CTIL (Cornerstone Telecommunications Infrastructure Limited is owned by Telefonica who provide O2 and Vodafone services) has not provided a convincing case that the structure is necessary and the size and height is completely out of keeping with the street over whose houses it will tower. And it is too close to Telegraph Hill Upper Park which is a precious urban park with unique views. In conclusion we do not feel it has significant positive benefit as an amenity while scarring the skyline and being an overbearing presence for residents.

Community feedback is very important. Please email any comment to your local Councillors by Wednesday February 10<sup>th</sup> at the latest.

Best wishes,

Cllrs Bell, Millbank & Sorba
